

Fort Bend Business Coalition Committees: Find Your Niche

The Fort Bend Business Coalition (FBBC) has five committees that support the organization's core values of creating a pro-business environment for Fort Bend County. Members are invited to serve on these committees to enhance their involvement in the organization.

Four of the FBBC committees are divided into government jurisdictional categories. These committees are responsible for serving as liaisons between the organization and elected officials, hosting informative events and keeping the FBBC membership informed of vital issues affecting business in the respective jurisdictions. Additionally, the committees are responsible for vetting and evaluating candidates participating in Fort Bend elections via research, questionnaires and personal interviews. The Committees then make endorsement recommendations to the Steering Committee based on the organization's core values and then share their recommendations with the Trustees for a consensus.

The four Fort Bend Business Coalition Committees divided into four government jurisdictional categories are:

State Committee	Chair: Marvin Marcell
County Committee	Chair: The Honorable Bob Hebert
City Committee	Chair: Daniel Wong
School Board Committee	Chair: Bill Jameson

Ambassadors

Additionally, the FBBC has a Membership Committee responsible for growing the organization by recruiting individuals interested in furthering the organization's mission. Recruitment is accomplished through various activities, including events, social media, partnerships, personal outreach and communication initiatives.

Ambassadors	Chair: Mary Favre
